Subpart B—Housing Goals

§ 1281.10 General.

Pursuant to the requirements of the Bank Act, as amended (12 U.S.C. 1430c), this subpart establishes:

(a) Three single-family owner-occupied purchase money mortgage housing goals, and one single-family refinancing mortgage housing goal;

(b) A volume threshold for the application of the housing goals to a Bank;

(c) Requirements for measuring performance under the housing goals; and

(d) Procedures for monitoring and enforcing the housing goals.

§ 1281.11 Bank housing goals.

(a) *Volume threshold.* The housing goals established in this section shall apply to a Bank for a calendar year only if the unpaid principal balance (UPB) of the Bank's purchases of AMA-approved mortgages in that year exceeds \$2.5 billion.

(b) *Market-based housing goals.* A Bank that is subject to the housing goals shall be in compliance with a housing goal if its performance under the housing goal meets or exceeds the share of the market that qualifies for the housing goal. The size of the market for each housing goal shall be established annually by FHFA for each Bank district based on data reported pursuant to the Home Mortgage Disclosure Act for a given year. Unless otherwise adjusted by FHFA, the size of the market for each Bank district shall be determined based on the following criteria:

(1) Only owner-occupied, conventional loans secured by property located in that Bank district shall be considered;

(2) Purchase money mortgages and refinancing mortgages shall be counted only for the applicable housing goal or goals;

§ 1281.12

(3) All mortgages flagged as HOEPA loans or subordinate lien loans shall be excluded;

(4) All mortgages with original principal balances above the conforming loan limits for single unit properties for the year being evaluated (rounded to the nearest \$1,000) shall be excluded;

(5) All mortgages with rate spreads of 150 basis points or more above the applicable average prime offer rate as reported in the Home Mortgage Disclosure Act data shall be excluded; and

(6) All mortgages that are missing information necessary to determine appropriate counting under the housing goals shall be excluded.

(c) *Low-income families housing goal.* For a Bank that is subject to the housing goals, the percentage share of such Bank's total purchases of purchase money AMA-approved mortgages on owner-occupied single-family housing that consists of mortgages for low-income families shall meet or exceed the share of such mortgages in the market as defined in paragraph (b) of this section.

(d) *Low-income areas housing goal.* For a Bank that is subject to the housing goals, the percentage share of such Bank's total purchases of purchase money AMA-approved mortgages on owner-occupied single-family housing that consists of mortgages for families in low-income areas shall meet or exceed the share of such mortgages in the market as defined in paragraph (b) of this section.

(e) *Very low-income families housing goal.* For a Bank that is subject to the housing goals, the percentage share of such Bank's total purchases of purchase money AMA-approved mortgages on owner-occupied single-family housing that consists of mortgages for very low-income families shall meet or exceed the share of such mortgages in the market as defined in paragraph (b) of this section.

(f) *Refinancing housing goal.* For a Bank that is subject to the housing goals, the percentage share of such Bank's total purchases of refinancing AMA-approved mortgages on owner-occupied single-family housing that consists of refinancing mortgages for low-income families shall meet or exceed the share of such mortgages in the

market as defined in paragraph (b) of this section.

§ 1281.12 General counting requirements.

(a) *Calculating the numerator and denominator for the housing goals.* Performance under each of the housing goals shall be measured using a fraction that is converted into a percentage. Neither the numerator nor the denominator shall include Bank transactions or activities that are not AMA-approved mortgage purchases as defined by FHFA or that are specifically excluded as ineligible under § 1281.13(b).

(1) *The numerator.* The numerator of each fraction is the number of AMA-approved mortgage purchases of a Bank in a particular year that finance owner-occupied single-family properties that count toward achievement of a particular housing goal.

(2) *The denominator.* The denominator of each fraction is the total number of AMA-approved mortgage purchases of a Bank in a particular year that finance owner-occupied, single-family properties. A separate denominator shall be calculated for purchase money mortgages and for refinancing mortgages.

(b) *Missing data or information for the housing goals.*—(1) When a Bank lacks sufficient data or information to determine whether the purchase of a mortgage originated after 1992 counts toward achievement of a particular housing goal, that mortgage purchase shall be included in the denominator for that housing goal and shall not be included in the numerator for that housing goal.

(2) Mortgage purchases financing owner-occupied single-family properties shall be evaluated based on the income of the mortgagors and the area median income at the time the mortgage was originated. To determine whether mortgages may be counted under a particular family income level (i.e., low- or very low-income), the income of the mortgagors is compared to the median income for the area at the time of the mortgage application, using the appropriate percentage factor provided under § 1281.1.

(c) *Credit toward multiple goals.* A mortgage purchase by a Bank in a particular year shall count toward the achievement of each housing goal for
